Comisión de Energía de Puerto Rico

Dear Sirs:

On behalf of SeaOne Puerto Rico, LLC, we hereby request authorization to participate in the proceedings regarding CEPR-AP-2017-0001.

SeaOne Puerto Rico, LLC satisfies the specific requirements to be met according to section 5.04 of Regulation 8543 as stated in the PREC Order recently issued in Case No.: CEPR-AP-2017-0001.

SeaOne Puerto Rico, LLC will sign the PREC NDA/CA included in the Order.

Currently, SeaOne Puerto Rico, LLC is developing a gas and NGL/LPG import facility in the Guaynabo/San Juan area that could easily deliver reliable competitively prices gas to PREPA's plants in the area within two years.

Additionally, SeaOne Puerto Rico, LLC has significant expertise in fuel supply, electric power supply, development and operations of fuel and power generation facilities, electric transmission, electric system operations, electric reliability and rate rules and regulations.

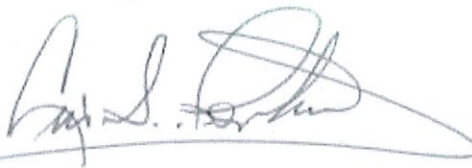

It should be noted that SeaOne Puerto Rico, LLC has relevant information to provide in the proceeding.

Finally, there is no one else in the proceeding who could represent our interests in the proceeding.

Please indicate if you need anything else at this moment. Thank you.

Please feel free to call me if you have any questions concerning the statements.

Sincerely,

Luis G. Fortuno
