Dear General:

The main facility of the Caribbean District of the United States Postal Service is located at 585 FD Roosevelt Avenue which is adjacent to the Armory of the Puerto Rico National Guard.

The US Postal Service would be interested in acquiring the Armory site in the event that the National Guard of Puerto Rico decides to vacate and dispose of this property.

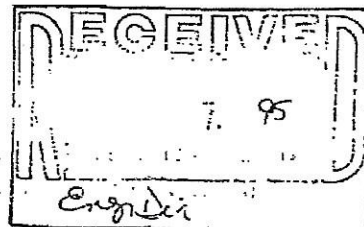

The acquisition of this property by the US Postal Service would be of great benefit for enhancing the mail service to the people of Puerto Rico.

We would appreciate your consideration of the US Postal Service as the first option should plans for disposal of this property become a reality.

Sincerely,

Ralph F. Champa
